

MOORE COUNTY WILDLIFE AND CONSERVATION CLUB, INC.

**POLICY STATEMENT FOR ADMINISTRATION OF
INDOOR AIR-RIFLE RANGE & EQUIPMENT**

ADOPTED AUGUST 12, 2024

The Moore County Wildlife and Conservation Club (“MCWCC” or “Club”), by action of its Officers and Board, hereby establishes effective August 1, 2024, the following statement outlining the administration of the youth indoor air-rifle range and equipment (currently located within the clubhouse).

In the furtherance of the MCWCC Youth Rifle Marksmanship Program, the Club acquired and installed an indoor air-rifle range and purchased a variety of air-rifles and two computer-based laser training tools, which collectively comprise the primary equipment used for the education and skill development of the students participating in the Club’s youth program. Additionally, under the direct supervision of a Youth Program Instructor and in accordance with a specific scheduled event, club members may also be invited to use this equipment on a limited basis.

To protect and preserve the useful life of this equipment, the Officers and Board hereby restrict the use of this equipment solely for the furtherance of the Youth Program. To ensure the safe conduct of live fire (air rifle only) training and to protect other club assets in the clubhouse, at no time will Youth Program equipment be used or air rifle training be conducted by Club members without a Youth Program Instructor present.
