

MOORE COUNTY WILDLIFE CONSERVATION CLUB

MATCH PROGRAM RIMFIRE 3-POSITION CONVENTIONAL MATCH

When: Sunday, June 26, 2022

The Match is scheduled to begin at **2:00pm**. All competitors should arrive **NO LATER THAN 1:45 pm** to sign in and pay their entry fee. I will begin the Safety Brief at 2:00pm, unless so many competitors show up we can't get sign-ins done by then. ALL COMPETITORS MUST ATTEND THE SAFETY BRIEF. IF YOU DON'T ATTEND THE SAFETY BRIEF, YOU WILL NOT SHOOT IN THE COMPETITION.

For those needing extensive time to fire in/sight in their rifles, please do so sometime before 1:30pm on Sunday, 26 June. Each stage of the match will include a 5-minute sighting period prior to record fire.

Entry fee: \$5, with Juniors competing free.

Where: MCWCC 50-yard rifle range.

Match Rules:

1. .22 LR rifles only, using A-23 targets.
2. Rifles may have either open iron sights or scope sights.
3. Shooting jackets and gloves may be used, and slings may be used in prone and kneeling/sitting positions.
4. Considering disabilities and those of us getting old enough to not be able to shoot from some positions, the following alternate positions may be used with approval of the Range Officer:
 - a. The sitting position may be used instead of the kneeling position in the final stage.
 - b. Prone may be shot from the bench if the competitor can't assume the prone position, with the following rules—just like prone, no support other than the sling may be used on the bench, and no part of the rifle may touch the bench (the rifle must be held with one hand on the forearm and with the buttplate in the opposite shoulder). The chest may or may not rest against the bench...shooter's choice.
5. In all positions, no part of the competitor may touch supporting equipment (shooting box, spotting scope, off-hand stand, etc) when taking a record shot.
6. Each stage begins with a 5-minute sighting period, using the sighter bull on the A-23 target.
7. Each stage is 20 record shots in that position, five shots on each scoring bull. If a sixth shot is placed on a single bull, then only four shots are allowed on the following bull. Penalties for extra shots: For each shot over six (ie, a seventh, or eighth, etc shot) on a single bull, two

MOORE COUNTY WILDLIFE CONSERVATION CLUB

penalty points for each extra shot. For more than 20 record shots, the highest scoring shot(s) of the aggregate is disqualified (ie, the lowest scoring 20 shots will be scored), and a two point penalty assessed for each extra shot.

8. The RO will provide adequate time for position changeover or preparation, which will not be a part of the sighting period.

Stages:

Stage One: Prone

5 Minute Sighter Period, unlimited sighters
20-minute Record Fire period, 20 Record Shots

Stage Two: Standing (Offhand)

5 Minute Sighter Period, unlimited sighters
25-minute Record Fire period, 20 Record Shots

Stage Three: Kneeling (or Sitting)

5 Minute Sighter Period, unlimited sighters
20-minute Record Fire period, 20 Record Shots

Scoring:

20 record shots X 10 possible = 200 points per stage. Highest three-stage total wins.
10X's will count.

First tiebreaker is total number of 10Xs.

Second tiebreaker is the score of the last 5 shots in Kneeling/Sitting.
